LabelTec's guide to

Raw Materials

We supply small and large runs of specialised stock

Let us help you find the correct stock for the Job.
We have a wide range of specialised stock available to supply you directly.
Perfect if you want to print your own Labels or we can print them for you.
As we buy bulk and slit down our own stock, we can customise sheet sizes and finishes to you requirements.
We offer finishes such as; die cut, square cut, and face cuts.
We have stocks suited for Inkjet, laser, flexo, offset, thermal transfer and direct thermal printing.
We recommend requesting samples to help determine your best suited stock.
No job is to big or too small. Contact our experienced staff to arrange a quote.
Please see overleaf for our range of raw materials and stock specifications.

- Fabric, Synthetic and Paper Stocks
- Carpet, Bedding and Clothing Stocks
- Self Adhesive and Heat seal Stocks
- Waterproof, Heat and Cold Resistant Stock
- Removable and aggressive adhesive stocks
- Custom Finishes and Sizes available

We have 30 years experience in label manufacturing, please ask if your label type is not listed
